Amazing Race Saga

To win the race: Get to the finish line first!!

Basic framework:

Teams must follow clues and instructions and make their way around Saga Ken, eventually racing back to the finish line in SagaShi. Along the way they perform tasks that represent the culture of the city. Tasks include: Detours (an option between two tasks of various difficulty) and Roadblocks (a task that can be done by only one member of a team).

Things to know:

1. All costs will be covered except transportation fees. No cars allowed!
- 2 As the planning of this event requires knowing exactly how many people are participating; therefore, we would like to ask you not to drop out at the last minutes! This event is still sometimes away, so hopefully people can plan their events around it! Much appreciate!お願いします ▪

Hope to see you all!
